SENTE

S·A·C·I

The SENTE ARCADE COMPUTER™ is a coin-operated game system designed for easy interchangeability. All electronic components are housed in a slide out tray that is fully serviceable from the front. Games can be changed by changing a cartridge and control panel (this takes no tools) and the attract plex (this takes a screwdriver). The rugged steel frame is designed to last for years. A superior sound system and graphic capability round out the hardware system.

Physcial Characteristics:

Upright: 74" height, 32" width, 38" depth, 375 lbs
Boxed. 77" height, 33" width, 40" depth, 405 lbs.
Voltage 120V 3 amps maximum.
